

SPIRIT
ENERGY LLC

Capability Statement

SPIRIT ENERGY LLC, based in Elk Grove, California, is a pioneer in the Renewable Electricity Generation industry, focusing on serving customers across the state, particularly in rural and underutilized areas. We are committed to pushing the envelope in off-grid, eco-friendly renewable energy sources, with a vast array of services including EV supply equipment, E-fleet, utilities, disaster response, and more. Our collaboration with Pioneer e-Boost mobility enhances our ability to deliver cutting-edge, sustainable energy solutions. With over 40 years of experience, our foundation is built upon innovation, service, and environmental stewardship. Our offerings range from Home E-Boost systems to on-demand charging and customizable micro-grid solutions, catering to both government, commercial and residential needs. Our dedication to green practices and resilience in energy makes us a significant contributor to the renewable energy landscape.

Core Solutions

- EV supply equipment
- Mobile and Micro grid renewable energy technologies
- Back-up generation and battery systems
- Energy Billing Audits
- Demand response programs
- Disaster response Solutions
- Sustainable EV Charge Solutions

Leadership

Spirit Ricks, CEO & Founder

Spirit serves as the Chief Executive Officer of SPIRIT ENERGY LLC, bringing a wealth of experience in the energy sector. With a strong background in both leadership and innovation, Spirit has been instrumental in guiding the company through numerous strategic initiatives. Known for his visionary approach, He emphasizes sustainable growth and technological advancements to maintain a competitive edge in the industry. His ability to navigate complex regulatory landscapes and foster partnerships has been crucial in driving the company's expansion and ensuring long-term success.

Solutions Overview

Intelligence, and solutions with a strong focus on off grid eco-friendly renewable energy sources

Skilled in conducting billing audits and effectively managing expenses for energy services

EV supply equipment, e-fleet, facilities, utilities, disaster response and EV manufacturers

Experience in demand response programs and developing innovative micro-grid solutions

Specialization in Mobile and Micro grid renewable energy technologies, efficiency, and optimization strategies

Ability to provide disaster response micro-grid solutions for emergency situations

Proficiency in designing and implementing back-up generation and battery systems for enhanced energy resilience

Fast charge electric vehicle technologies and their implementation for sustainable transportation solutions

Competitive Advantage

Spirit energy LLC partnering with Pioneer e-Boost Mobility, a division of Pioneer Power Solutions, Spirit Energy LLC benefits directly from nearly a century of expertise and innovation. This collaboration gives us access to cutting-edge technology and robust infrastructure, enhancing our ability to deliver reliable and state-of-the-art energy solutions. We focus on Sustainable Energy Solutions. developing sustainable energy solutions to combat grid vulnerability and reduce carbon footprint showcases our commitment to environmental stewardship and resilience. Equal Green Practices in Operations: Emphasizing equal green practices in all aspects of our operations distinguishes us as a company that prioritizes environmental responsibility in every aspect of our business

Past Performance

- Fort Lee-based Pioneer Power Solutions recently announced a groundbreaking pilot program with a Fortune 100 e-commerce retailer
- Awarded \$7.1M from Los Angeles Unified School District for electrification
- \$7.2M E-Bloc order for multiple infrastructures
- \$5M from major U.S. Metro Transit Authority for EV Bus charging at multiple sites
- \$3.4M from a Southern California utility as part of the 'future proofing' of its electrical grid in anticipation of uptick in EV charging demand
- \$1.9M from one of the largest distributed generation developers in the U.S. for a military installation in the southeast
